

fringe
SESSION

AMEE2018

NICOLE TANNER
FINAL YEAR MEDICAL STUDENT
@CHINESE UNIVERSITY OF HONG KONG

LITTLE POO!

THE MAGIC OF POO! IN MEDICAL EDUCATION

WE COULDN'T MAKE
THIS SH*T UP!

HAPPENS

SHE THOUGHT ABOUT WHAT
WE ALL HAD IN COMMON...
SOMETHING EVERYONE COULD
RELATE TO IN THE LAST 24 HRS
... OR LESS!

I'VE RECENTLY TAKEN ON A 'NEW'
THERAPEUTIC ROLE...
PEOPLE HAVE STARTED EATING
ME!

IT WAS
ALL
HAPPENING...
NICOLE SANG
A SONG
(ABOUT 'YOUR DAD TAKING
A DUMP') - IT WAS QUITE THE
PERFORMANCE!

COOKING POO 101

FAECAL
MICROBIOTIC
TRANSPLANTATION

OR 'FMT'!

AKA TAKING HEALTHY
POO (FROM A DONOR)
TO GIVING IT AS
TREATMENT TO A
RECIPIENT

THE MOST POPULAR USE
IS TO TREAT CLOSTRIDIUM
'DIFFICILE' (= DIFFICULT
IN LATIN)

COULD I HAVE A
VOLUNTEER PLEASE?

50g-100g OF POO
+ STERILE WATER } FMT

SHE EVEN TOOK
US THROUGH 'COOKING 101'!

NEXT TIME YOU SEE ME
DON'T BE A
HATER, SAY THANK
& GOODNESS FOR POO!
