

COVID-19 Content & Resources

COVID-19 Concept Card – This concept card covers the etiology, transmission, epidemiology, clinical presentation, diagnostics, management, and prevention of COVID-19. [Learn more >>](#)

COVID-19 Course – Having accurate information is extremely important, which is why we've put together a specific course on the overview and management of COVID-19. [Learn more >>](#)

Studying at Home Guide – You're probably spending a lot more time studying at home than usual, so we've prepared a guide with some of our best tips for staying focused, being productive, and organizing your home study space. [Learn more >>](#)

Tell your professors and school leadership – Lecturio is here to help universities transition to online-first learning as smoothly and quickly as possible, in order to **ensure teaching and learning continuity** in these uncertain times. We have put in place a special 3-month teaching continuity package for medical schools at a reduced cost. [Learn more >>](#)
